

Keratin Liss Shampoo

THE PRODUCT

Keratin Liss treatment shampoo is especially good in preventing frizz. Formulated with keratin and flax seeds, it helps restore, repair and strengthen the hair fibre for more resistant hair with greater body and bounce. Nourishes and deep-moisturises, restoring a healthy, flexible appearance. Makes hair shiny and soft, reduces frizzing and makes it easier to comb.

PRODUCT BENEFITS

Keratin:

- **Durability and Elasticity:** Keratin is an elastic protein that helps prevent breakage of the hair fibre, making hair strong and resistant.
- **Permeability:** Sensitive to humidity and can retain up to 40% of its weight in water.
- **Shine:** Boosts natural shine, making hair luminous and full of life.

Flax seeds: Aid hair growth. Help make hair shinier and prevent frizz.

APPLICATION

Apply to wet hair, massage gently into scalp and rinse. Repeat.
