

## Silken conditioning cream

### THE PRODUCT

Conditioning cream formulated to provide hair moisturizing and conditioning, as well as to facilitate brushing, maintain color and protect hair from the sun's effects.

### PRODUCT BENEFITS

Product formulated with Hydrolyzed Protein that provides the hair with a high restructuring power, closing the cuticle, facilitating brushing and untangling the hair. It also contains sunscreen to help protect hair from the effects of the sun and maintain color.

### APPLICATION

After shampooing and with wet hair, apply a generous amount of conditioning cream to the hair and massage in. Leave the product on for three minutes. Once the exposure time has finished, rinse the hair with plenty of water.
